Welcome to Bringard Mill & Molding's Stair Catalog

Our product line features premium grade material machined to meticulous standards. We have a large supply of stock stair parts and can meet all of your specialized needs. Whether you need one stair part, desire technical assistance in designing a complete stair or have a development plan requiring stairs for hundreds of homes, Bringard can exceed your expectations in quality, time and price.

Specializing in:

- Stock handrail and handrail fittings available in Red Oak, Alder, Soft Maple, Hard Maple, Cherry and Hickory. There are six Bringard designed profiles to choose from.
- Stock newels and balusters are also available in Red Oak, Alder, Soft Maple, Hard Maple, Cherry and Paint Grade. There are four Bringard designed profiles to choose from. Baluster blanks are available as well.
- Custom stair design per customer's specification. Stairs can be fully assembled in our shop, delivered and installed; or machined in our shop and delivered for your installation. Our designers can work to develop "the" stair for you. We have technology (five axis CNC router, CAD, CAM, and stair design software) that enables us to meet your every need. Call us to begin development of your stair today.

More about Bringard Mill & Molding

Our Product Line

In addition to stairs and stair parts, our product line features premium grade architectural mill work which exceeds (industry) standards in the finest selection of wood available.

- **Moldings** Our catalog represents our most popular profiles. We are not limited to the profiles shown. We have many existing custom pattern knives to choose from. We can match your existing profiles or we can create new ones.
- **Radius Work** We also manufacture custom radius work including base, case, jambs, and crowns. Radius moldings are manufactured in eyebrows, half-rounds, full rounds, and ovals.
- **Millwork** We produce custom millwork to any specifications, matching any detail you need.
- **Entryways** Our entry doors are stave core construction to allow for maximum stability. We are capable of producing a wide variety of designs to meet your specific needs—stile and rail doors; custom arched entryways; flush doors with exotic veneer faces; and true divided lites, manufactured to any size and style. We also design and manufacture custom passage doors. If you can't find the special door you need, give us a call.
